

NATIONAL CADET CORPS

NSCBM GOVT. COLLEGE HAMIRPUR

In 2024, NCC cadets across the country actively contributed to the Swachh Bharat Abhiyan. Various cleanliness drives were organized in schools, colleges, villages, and public places. Cadets cleaned campuses, parks, bus stands, and market areas to spread the message of hygiene and sanitation. Awareness rallies, street plays, slogan writing, and poster campaigns were conducted to encourage citizens to adopt cleanliness as a habit. Special focus was given on waste segregation, plastic-free campaigns, and recycling practices, in line with the government's vision of "Garbage-Free India 2024." Through these activities, NCC cadets played the role of responsible youth leaders by motivating society to maintain cleanliness. Their collective efforts not only improved the environment but also created awareness about health, hygiene, and sustainable living.
