Seminar by INFOTECH INFOSYS IT & Software Company

Date: 16-12-2025

1. Introduction

The BCA Department organized a seminar on **16 December 2025** in collaboration with **INFOTECH INFOSYS IT & Software Company**, Hamirpur. The seminar was conducted as part of the department's initiative to expose students to industry-oriented knowledge and practical insights into the IT and software sector.

2. About the Company

INFOTECH INFOSYS IT & Software Company is a technology-driven organization based in **Hamirpur**, working actively in the **IT and Software sector**. The company specializes in software development, IT solutions, and **industrial training programs** aimed at enhancing students' technical skills and preparing them for industry requirements. The organization focuses on unlocking students' potential through hands-on training, seminars, and skill development initiatives.

3. Objective of the Seminar

The main objectives of the seminar were:

- To familiarize BCA students with current trends in the IT and software industry
- To provide insights into industrial training and career opportunities
- To bridge the gap between academic learning and industry expectations
- To motivate students toward skill-based learning and professional growth

4. Seminar Details

The seminar was conducted by experienced professionals from **INFOTECH INFOSYS**. The speakers discussed:

- An overview of the IT and software industry
- Importance of industrial training for computer application students
- Emerging technologies and career paths in IT
- Skill requirements for software professionals
- Real-world industry challenges and solutions

The session was interactive, and students actively participated by asking questions related to training, internships, and career guidance.

5. Outcome of the Seminar

The seminar proved to be highly informative and beneficial for BCA students. It enhanced their understanding of:

- Industry expectations and professional skills
- The significance of industrial training programs
- Career planning in the IT and software domain

Students gained practical insights that will help them in academic projects, internships, and future employment.

6. Conclusion

The seminar by **INFOTECH INFOSYS IT & Software Company** was successfully conducted and achieved its objectives. It was a valuable learning experience for BCA students and contributed positively to their professional awareness. The department looks forward to organizing more such industry-oriented seminars in collaboration with reputed IT organizations.
