Workshop Report

Latest Technology of 2025 in IT

27th September, 2025

Introduction

The School of Computer Applications in collaboration with IQAC and CCPC organised a **One Day Workshop on “Latest Technology of 2025 in IT”** on 27th September 2025. The workshop aimed at providing valuable insights into the rapidly evolving landscape of Information Technology and how emerging innovations are shaping industries, academia, and society at large.

**School of Computer Applications
&
IQAC, CCPC**

**Organised
One Day Workshop
(27/09/2025)**

**Resource Persons:-Ms. Nancy
Mr. Thakur Nirmal Singh**

Topic:- Latest technology of 2025 in IT

**INSTITUTION'S
INNOVATION
COUNCIL**
(Ministry of HRD Initiative)

Objectives of the Workshop

- To create awareness among students about the **latest technological trends of 2025**.
- To provide knowledge about **cutting-edge tools and applications** in IT.
- To highlight opportunities and challenges in adopting these technologies.
- To bridge the gap between **academic learning and industry requirements**.

Workshop Highlights

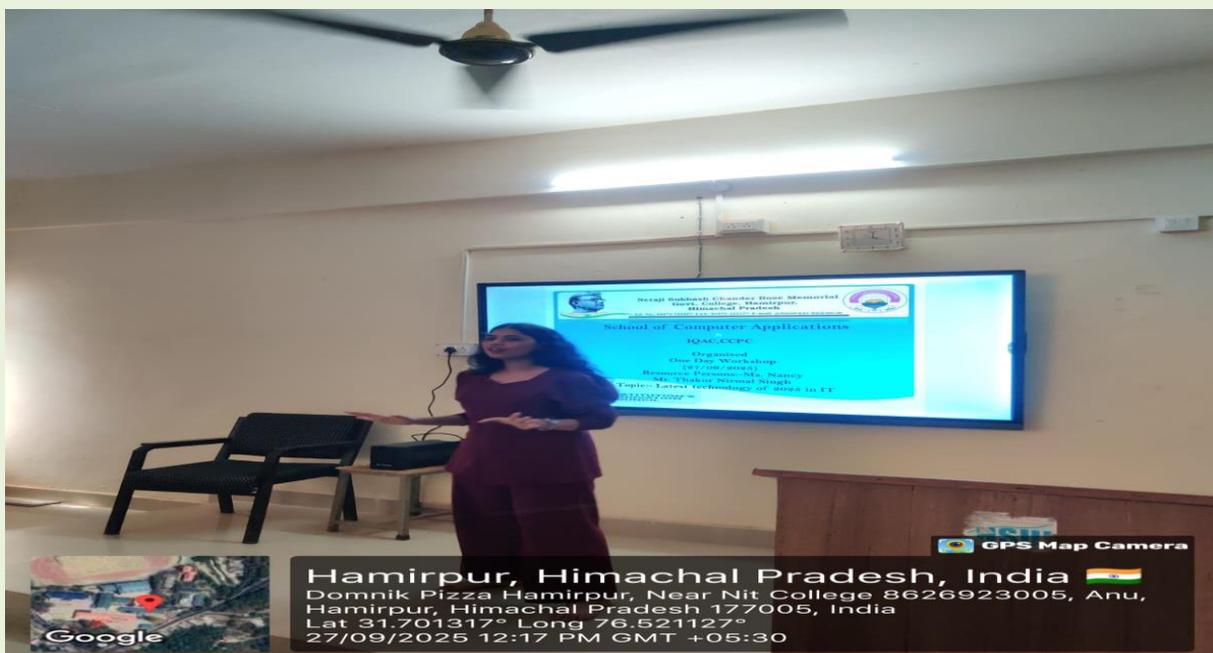

1. Opening Session

The event began with a formal introduction by the faculty members of the School of Computer Applications. The importance of staying updated with IT trends was emphasised.

2. Technical Sessions

Ms. Nancy discussed **Artificial Intelligence, Machine Learning, Cloud Computing, and Cybersecurity advancements** in 2025. She highlighted real-world applications and research directions.

Mr. Thakur Nirmal Singh focused on **Blockchain, Quantum Computing, and Green IT innovations**. He elaborated on how these technologies are transforming business processes and promoting sustainable development.

3. Interactive Session

Students actively interacted with the speakers, asking questions about **career opportunities, industry applications, and future research prospects.**

4. Practical Insights

The workshop included discussions on **hands-on tools, case studies, and real-time examples**, enabling students to better understand implementation aspects.

Outcomes of the Workshop

- Participants gained **awareness of IT advancements in 2025.**
- Students learned about **emerging career opportunities** in next-generation technologies.

- The workshop encouraged **critical thinking, innovation, and adaptability** in technology adoption.
- Faculty members and students benefited from **industry-oriented perspectives** shared by the resource persons.

Conclusion

The **One Day Workshop on “Latest Technology of 2025 in IT”** was highly successful in enriching the knowledge base of students and faculty members. The interactive sessions and expert insights motivated participants to explore future-ready skills and adopt a proactive approach toward technological changes. The School of Computer Applications, in collaboration with IQAC and CCPC, looks forward to organising more such events to keep students updated with **global IT advancements**.
